Managing Water in the West

WATER, POWER & MORE – Folsom Dam & Powerplant

Folsom Dam is an important part of many lives.

For a **limited time** this summer, the American River Water Education Center at Folsom Dam is offering a presentation on Folsom Dam at your site.

Learn the history, functions and importance of the dam, how the water in the American River is managed and the different ways it is used while traveling thru the Central Valley before reaching the Pacific Ocean.

These **free** programs given **at your location** include a video tour and model of the dam to help relay the story of Folsom Dam & Powerplant.

Each program is about 45 minutes **long** and will include the following: Introduction, demonstration, video a fun game of “Oh Dam” (Bingo), and a question and answer session. Please use the attached registration form and take advantage of this limited time opportunity. **Maximum group size is 40 per session.** Program days are limited so **register early**.
